GALEN
HEALTHCARE SOLUTIONS
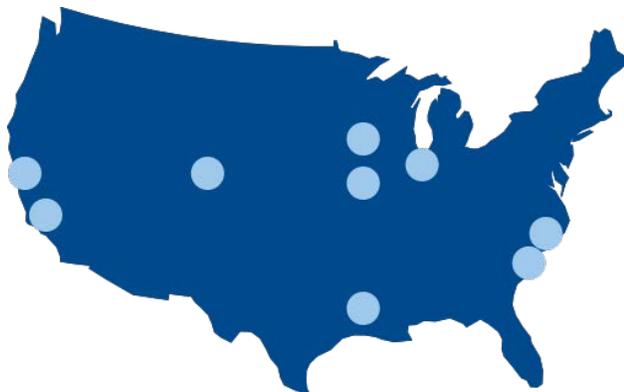

VitalCenter Archival

Complete access. Anytime, anywhere.

VitalCenter Archival provides access to data from your legacy systems in a single intuitive UI. Maintaining legacy systems can be costly and time consuming. VitalCenter Archival allows you to legally decommission your legacy systems, resulting in a savings of 80-95% when compared to the cost of system licenses and infrastructure.

Not only will VitalCenter Archival save you money, but it also makes it easy for physicians to find the patient information they need when they need it. This allows your physicians to focus on what they do best, provide excellent patient care.

Key Features

- Easily accessible via single sign-on and custom domain.
- Handles your clinical data.
- Satisfies legal requirements at the federal level as well as all 50 states.

Flexible, Secure, and Reliable

At Galen, we've focused our efforts on making VitalCenter Archival flexible, secure, and reliable to provide our customers the best possible experience.

- **Flexible** – Supports dozens of EMR source systems including Allscripts, MEDITECH and Epic.
- **Secure** – HIPAA and FIPS 140-2 compliant. Your data is always encrypted whether it's at rest or in motion.
- **Reliable** – 99.9% uptime SLA, point in time restore for up to 35 days, and triply redundant architecture.
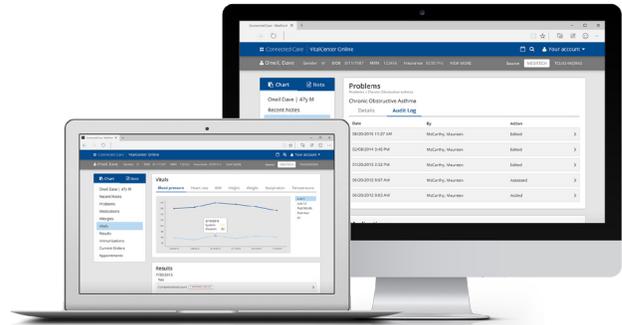

Straightforward pricing

- Pennies per patient, per year. Unlimited users.
- Automatic price reductions as patient data ages out.
- Cost effective implementation.

Whether you are transitioning to a new EMR, or just looking to retire legacy systems, Galen has you covered. By pairing VitalCenter Archival with our best in class conversion services, you can ensure all of your clinical data is secure, accessible, and ready whenever you need it.
