HRCase

Effortlessly manage ER cases, reduce risks, and increase HR efficiency

Effortlessly manage intricate and sensitive Employee Relations (ER) cases with our cloud-based software solution, HRCase. The bespoke, cloud-based system is built around your policies and procedures. Streamline workflows, monitor timelines effortlessly, and produce comprehensive reports – providing you the authority and consistency required to ensure fair and equitable handling of employee matters, every time.

| **Quicker Case Resolutions**	**Ensure Compliance**	**Streamlined Administration**	**Prevent Tribunal Risks**
Efficient processes leading to faster outcomes, creating fairness for all parties.	Configurable workflows ensure every case adheres to legislative requirements.	Free up your HR team's time by automating repetitive tasks.	Increased visibility and standardisation can reduce costly legal issues.

Why HRCase

- Streamline the administrative burden of managing cases
- Manage your ER cases more efficiently, and be confident you are compliant
- Solve cases quicker, so it's fairer on everyone
- Drive down your costs per case
- Give more time for your case workers to spend on the people rather than the admin
- Increase the efficiency of your case workers and HR team
- Give full visibility of caseloads and progress in minutes
