

**Smarter absence
management.
Healthier workforces.
Better care delivery.**

Overview

RLDatix and GoodShape have partnered to help health and care organisations reduce workforce absence, improve wellbeing, and strengthen workforce productivity.

By integrating GoodShape's AI-powered absence management platform with RLDatix Allocate Optima and SafeCare, organisations can capture absences in real time, support employees earlier, and make better workforce decisions through connected intelligence.

The Challenge

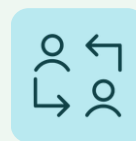

Healthcare organisations face increasing pressure to:

**Reduce workforce
absence**

**Improve employee
wellbeing**

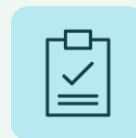

**Manage staffing
shortages**

**Reduce agency
spend**

**Maintain safe
staffing levels**

**Improve operational
efficiency**

Traditional absence management approaches often lack visibility, consistency and proactive intervention.

The Solution

The combined RLDatix and GoodShape solution delivers:

1. Real-Time Absence Capture

Employees can report absences around the clock while workforce availability is updated automatically.

2. Early Intervention

Immediate access to self-care resources, wellbeing services and referral pathways helps employees receive support sooner.

3. Workforce Intelligence

AI-powered analytics help predict absence trends, identify risk factors and support proactive action.

4. Smarter Workforce Planning

Real-time absence data enables managers and workforce teams to maintain safe staffing and respond quickly to disruption.

Key Benefits

✓ Reduce Absence

Average reduction of 24% within the first year. [goodshape.com]

✓ Improve Workforce Productivity

Improve workforce availability and reduce operational disruption.

✓ Enhance Employee Wellbeing
