

BankStaff

Automate the process of filling duties with the right staff

Optimise and efficiently manage overtime and temporary workforce, ensuring compliant and safe staffing, whilst reducing the reliance on expensive external agencies. RLDatix's temporary staffing solutions are the most widely used in the NHS.

Save Costs

Automate the process of filling duties with the right staff

Reduce Risk

Optimise the use of permanent staff and get temporary staff with the right skills

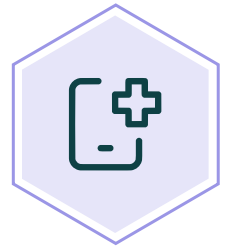

Manage Payments

Pay temporary staff and overtime quickly and easily. Align agency payment with framework agreements

Flexible

Enables flexible temporary working with the option for users to self-book shifts on the app. This improves retention and engagement of bank workers

Integrates

Send worker notifications via Loop, allowing you to improve communication with your people

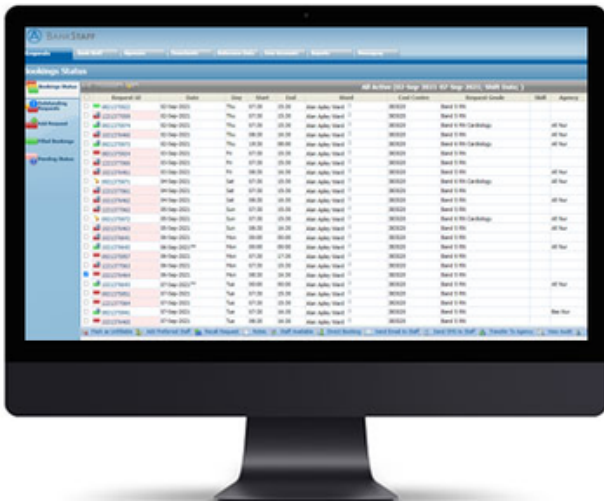

Ensuring shifts are staffed with the right people with the right skills mix and their workforce remain engaged

"We have achieved savings of over £500k on our nursing agency and overtime spend - the integrated bank solution has enabled us to more effectively redeloy our staff across the Trust"

**Esther Blackley, Trust Nursing Resource Manager,
North Tees & Hartlepool NHS Trust**

Suitable for all staff groups, when combined with additional functionality of BankStaff+

Enables you to manage temporary workers, including professional registration, training/certification, work preferences, annual leave and upload directly from ESR. Workers can self-manage by entering their bank availability, book shifts, view schedules, cancel bookings and enter timesheets via an app or web portal.

Benefits

- Reduce clinical risk by providing the right staff with the right skills.
- Self-Serve and automation streamlines the bank booking processes and saves time.
- Provides organisation-wide staffing visibility for all staff groups.
- Integration into rosters ensures only genuine, budgeted and authorised demand is requested.
- Improve worker engagement with a dedicated app for managing bookings.
- Control agency spend through StaffDirect integration, negotiated rates and invoicing.
- Improve control and compliance through booking rule configuration compliant with EWTD.
- Delivers real-time operational data for informed decisions and reviews.
- Empowers the bank office to fully manage the digital asset requirements for a locum worker.
- Efficient way of complying with national reporting requirements.

Features

- Integrated with Optima
- Simple push notifications via dedicated “Loop” improves communication with your workers.
- Request duties, and view booked bank/agency workers directly from the roster.
- Automatically updates the roster and Loop app.
- Communicate with staff via Loop to broadcast available duties, confirm bookings and cancellations, reminders and ad-hoc communications.
- Timesheet approval and payment processes with pay extract to ESR.
- Financial modelling gives managers estimated cost and audit trail for all duties and costs for agencies before transferring requests.
- Dedicated operational and management reports with data extracts, including Bank headcounts reports, mandated by NHSE.
- Bank & agency reports; providing an efficient way of complying with national reporting requirements.

Loop allows your people to directly book eligible Bank shifts directly via the employee app

Over 2 million vacant shifts filled by NHS Banks via BankStaff each month
